EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jon P. Christensen on April 19, 2007 (Reg. No. 34,137).

The application has been amended as follows:

Amend claim 17 as follows:

At line 3, delete the limitation "adapted" and replace it with "configured"

At line 4, delete the limitation "adapted" and replace it with "configured"

At line 7, delete the limitation "adapted" and replace it with "configured"

At line 10, delete the limitation "adapted" and replace it with "configured"

Amend claim 38 as follows:

At line 4, delete the limitation "adapted" and replace it with "configured"

At line 6, delete the limitation "adapted" and replace it with "configured"

At line 8, delete the limitation "adapted" and replace it with "configured"

At line 10, delete the limitation "adapted" and replace it with "configured"

Reasons for Allowance

2. Claims 1-44 are allowed.

Art Unit: 2624

3. The following is an examiner's statement of reasons for allowance: as applicants properly point out on pages 10-13 of the remarks, that none of the references of Pan, Harman or Defrise teach the use of a shift variant filtration of the parallel-beam data or the parallel fan-beam-data to avoid interpolation of the parallel-beam data or parallel fan-beam data as defined by independent claims 1, 9, and 17; and filtering the linear combination of complementary data elements in the spatial domain to avoid interpolation of the linear combination as defined by independent claims 24, 31 and 38. Hence, and in view of applicants' amendment, arguments, and in combination with all of the other elements of the claims the 35 U.S.C. 102/103 rejections thereof to claims 1-44 are withdrawn, and making claims 1-44 allowable over the prior art of Pan, Harman or Defrise.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
